*The information provided in this list is based on data obtained from the U.S. Patent and Trademark Office. For this report, a university is defined as an institution that has undergraduate degrees. Patents include only utility patents granted during the 2025 calendar year. All assignees are credited for patents when listed. The number of patents granted does not necessarily indicate the value of a university's technology, the effectiveness of its research, or whether its patents will be successfully licensed and/or brought to market. **This list is based on the number of patents confirmed by the NAI deadline for list publication on March 19, 2026. New assignments or data corrections may have occurred after this published date and will not be reflected.
