Spring IPE Day 2020 - Register Now

Register today for 2020 Spring IPE Day brought to you by the Office of Interprofessional Education at Texas Tech University Health Sciences Center. Spring IPE Day is an excellent way to learn together and practice interprofessional education, teamwork, and collaboration among health care professionals.

Spring IPE Day is a fun-filled event that will focus on ***Interprofessional Collaboration and Teamwork*** as it looks at how as health care professions we can respond to public health emergencies as they happen in the communities we serve. The day will focus specifically on wildfires that impacted communities in the Texas Panhandle area in the spring of 2017.

Spring IPE Day will be held on the Abilene, Amarillo, Dallas, Lubbock and Odessa campuses. The event will be hosted from the Lubbock campus and students will participate both through Techlink and with a faculty facilitator leading each team in their assigned rooms. Students participating in Spring IPE Day will be assigned to an interprofessional response team on their campus. Within those teams, students will collaborate together in determining an appropriate plan of action based on the needs of the community while coordinating with other resources with the other various teams. Spring IPE Day is approved through the IPE Registry and all participating students will receive a certificate that can be used towards the IPE curriculum graduation requirements.

For more information on the Spring IPE Day, please visit our webpage at www.ttuhsc.edu/interprofessional-education or call the Office of Interprofessional Education at (806) 743-2028.

UPCOMING EVENTS

Events & Opportunities for Students

Global Perspectives Film Series - Era of Megafires

The rise of highly destructive megafires (wildfires over 100,000 acres) has become one of today's most pressing and complex problems. Facing the reality of this issue can be nothing short of daunting. Through education, we can change the way fire comes to our forests and communities. The Era of Megafires is a presentation that combines the research of Dr. Paul Hessburg with the award-winning visual storytelling of North 40 Productions. Designed to engage a wide audience, the presented material comes in the form of fast-moving, topic-based talks interspersed with compelling video vignettes and animations.

Free pizza will be provided to the first 30 attendees.
