## **Student Disability Services - Spring 2020 Letters**

If you are registered with Student Disability Services and you have not already requested your Letter of Accommodation for Spring 2020, it's not too late. Simply email [disabilityservices@ttuhsc.edu](mailto:disabilityservices@ttuhsc.edu) and let us know that you are in need of your Spring 2020 Letter of Accommodation. If you want to adjust any accommodations, let us know that as well.

Once you've sent your new spring Letter of Accommodation to your faculty members, and discussed your accommodations with them in order to understand how they will be implemented, please let the Student Disability Services staff know if there are any problems with your accommodations. For instance, if you spoke to your faculty member about extended time, but you are not receiving the time, immediately advocate for yourself and reach out to Student Disability Services so that we can step in and help facilitate the accommodation. Please don't wait until the end of the semester if you are having a problem with accommodations.

The Student Disability Services office will be having open forums to discuss our role and process in providing accommodations for eligible students. Please keep a lookout on TTUHSC Announce for dates and times.

If you have any questions, the Student Disability Service staff can be reached at 806-743-1926 or [disabilityservices@ttuhsc.edu](mailto:disabilityservices@ttuhsc.edu).

## Spring IPE Day 2020 - Register Now

Register today for 2020 Spring IPE Day brought to you by the Office of Interprofessional Education at Texas Tech University Health Sciences Center. Spring IPE Day is an excellent way to learn together and practice interprofessional education, teamwork, and collaboration among health care professionals.

Spring IPE Day is a fun-filled event that will focus on ***Interprofessional Collaboration and Teamwork*** as it looks at how as health care professions we can respond to public health emergencies as they happen in the communities we serve. The day will focus specifically on wildfires that impacted communities in the Texas Panhandle area in the spring of 2017.

Spring IPE Day will be held on the Abilene, Amarillo, Dallas, Lubbock and Odessa campuses. The event will be hosted from the Lubbock campus and students will participate both through Techlink and with a faculty facilitator leading each team in their assigned rooms. Students participating in Spring IPE Day will be assigned to an interprofessional response team on their campus. Within those teams, students will collaborate together in determining an appropriate plan of action based on the needs of the community while coordinating with other resources with the other various teams. Spring IPE Day is approved through the IPE Registry and all participating students will receive a certificate that can be used towards the IPE curriculum graduation requirements.

For more information on the Spring IPE Day, please visit our webpage at [www.ttuhsc.edu/interprofessional-education](http://www.ttuhsc.edu/interprofessional-education) or call the Office of Interprofessional Education at (806) 743-2028.
