TEXAS TECH UNIVERSITY HEALTH SCIENCES CENTER
Senate Resolution 19.18

(Stating the sentiments of the Student Senate regarding the re-establishment of direct
communication between students and campus organizations)

WHEREAS, the students of Texas Tech University Health Sciences Center deserve the
opportunity to learn of all events and organizations on campus, and

WHEREAS, allowing direct e-mail communication to students from organizations will spread
awareness of the different opportunities available on campus, and

WHEREAS, this communication will increase student attendance at events that they will not
have known about without a direct e-mail, and

WHEREAS, the Texas Tech University Health Sciences Center should make becoming involved
in organizations and events simple and efficient for its students, and

WHEREAS, without this communication, students do not know how to become involved in their
school activities which leads to a lower volunteer rate on this campus, and

WHEREAS, the Student Government Association will play a role in creating guidelines that
protect students from unwanted e-mails and keeping the announcements professional

THEREFORE BE IT RESOLVED, that the Student Senate supports the re-instatement of direct
e-mails from organizations on Texas Tech University Health Sciences Center including
information on becoming active on campus as well as different events and volunteer
opportunities,

BE IT FURTHER RESOLVED, that this resolution be spread upon the Journal and that copies
Margret Duran, Asst. Vice President-SSRFA, and Vince Fell, Chief Information Officer and
to the students of the Texas Tech University Health Sciences Center.
