Telehealth at the Crossroads - Finding & Vetting the Perfect Service Provider

Finding telehealth specialty service providers is not as difficult as it has been in the past. The challenge is to find those that will meet the unique needs and requirements of your clinic organization. Each provider and clinic organization will have similarities and differences in practice and business models as they pertain to providing healthcare via telemedicine. Before contracting with any specialty service provider group, we invite clinics to consider adding any of the 20 questions discussed in this presentation to their existing process for vetting potential partners.

Important Information for Student Org Officers & Advisors

Tax ID Use Policy

The policy for use of the TTUHSC tax-exempt status is covered in HSC OP 50.19 (e)(1). In that policy it states that student organizations are not placed under the institution's tax-exempt umbrella. Expenditures from an agency fund are not entitled to the institution's state sales tax exemption. Due to this policy, student organizations are no longer able to use the TTUHSC tax exemption for purchases. For questions please contact Student Life at student.life@ttuhsc.edu.

At TTUHSC, our top priority is the health, safety and well-being of our students, team members and patients. TTUHSC Safe is a comprehensive plan that includes health and safety procedures that go above and beyond the minimum standards established federal, state and local government authorities to protect you on our campuses.
