Register Now! Big 12 LGBTQIA & Allies Summit

Please join us for refrACTION 2021: the Big 12 LGBTQIA & Allies Summit, which will be held virtually this year on February 26-27. This year has been filled with challenges, notably racial injustice and transphobia, and a health crisis that has disproportionately impacted some of the most vulnerable people in society. The LGBTQIA community, our allies, and others with diverse experiences and identities have shown our capacity to demonstrate flexibility, perseverance, and unity. While these characteristics are not novel to this time and place, they can produce something beautiful and unique like the rainbow beams produced when light refracts through a prism. The Summit this year will provide us a medium to reflect, refract, and act.

2021 EPIC Day - Office of Interprofessional Education

Register today for 2021 E.P.I.C. Day, Emergency Preparedness in communities, brought to you by the Office of Interprofessional Education. E.P.I.C. Day is a fun-filled, virtual event that will focus on Interprofessional Collaboration and Teamwork as it looks at how as health care professions we can respond to public health emergencies as they happen in the communities we serve. Students will be assigned to an interprofessional response team. Within those teams, students will collaborate together in determining an appropriate plan of action based on the needs of the community while coordinating with other resources with the other various teams during a tornado.
