If interested in assisting with this endeavor, you will be asked to do one of the following jobs:

- **Scribe:** sits beside person administering the vaccination and records name/DOB/time of vaccination.
- **Triage:** takes person's temperature at front door and questions them about recent illness.
- **Crowd/flow control:** makes sure the flow of the line moves or doesn't move according to the needs. Directs people where to go next.
- **Recovery area:** helps sort paperwork in the recovery area based on time they arrived and time they're safe to leave (15 minutes).

Anyone that volunteers will be offered a vaccine, and will receive the vaccine on the day he/she volunteers, if desired. Lunch will be provided by the city to volunteers.
