IN THIS ISSUE

Announcements

- New Student Organization Opportunity
- Lockers at the Preston Smith Library
- Website for TTUHSC Students
- IPE Summer Escape Room Challenge
- Resiliency in Interprofessional Teamwork
- Registration Open - Shatter the Stigma

Events

- HSC Huddle
- School of Pharmacy Research Days

New Student Organization Opportunity

TTUHSC Physical Therapy student Jennie Deignan is partnering with Sara Henly, Director of the Veterans Resource Center, to create a student organization centered around military, veteran, and federal healthcare. They are looking for both veterans and any students interested in working with military and veterans across the healthcare spectrum.

Our primary aims are to:

- 1) Connect veterans together and provide a bridge between future healthcare practitioners and the practical experience of veterans
- 2) Provide scholarships to veterans, reservists, and military families through fundraising and outreach
- 3) Help veterans navigate their benefits and minimize student debt

If you are interested in participating in this student organization please fill out their form at [. You can also contact Jennie at \[jennie.deignan@ttuhsc.edu\]\(mailto:jennie.deignan@ttuhsc.edu\).](#)

Lockers at the Preston Smith Library

Lockers are available on the second floor of the Preston Smith Library for patrons who want to store personal belongings securely in the library. Lockers can be checked out for one day and are available on a first-come-first-serve basis. Locks can be borrowed from the second floor circulation desk and only locks issued by the Library are permitted. Contact Lubbock Circulation at 806-743-2200 for more information.

Website for TTUHSC Students

Hey students! Check out the new TTUHSC website created for you: www.ttuhsc.edu/live-well. This website is part of Well Beyond, the TTUHSC Quality Enhancement Plan (QEP) created to promote your well-being across 8 wellness dimensions. Initially, your emotional wellness will be the focus of the website; later, you will find things to help you strengthen and balance your well-being across all the dimensions. Also, since this website is for you, we want your ideas concerning how to make it the best it can be for you. You can submit your idea(s) here: <https://tinyurl.com/48n2rydt>.

IPE Summer Escape Room Challenge - Lubbock Campus

The Office of Interprofessional Education will be hosting a fun and engaging Escape Room this summer for Lubbock campus students. This beginner escape room is an adventurous way for new students to meet others across our various healthcare professions, improve interprofessional teamwork and communication, and collaborate together to solve puzzles that will ultimately lead to a discharge plan in a simulated patient case.

To escape the room, interprofessional teams of students will work together to solve an introductory clinical case and then discuss the teamwork and communication skills used. At least two professions must be represented on each team. Teams will have one hour to complete the challenge. Following the completion of the challenge or at the end of the hour, a debrief will take place allowing teams to discuss their escape room experience and evaluate their teams performance. Registered participants who complete the Escape Room challenge will receive a certificate that can be given to their program directors for IPE graduation credit.

IPE Summer Escape registration is open at <https://bit.ly/IPE-EscapeRoom>. For more information, or if you have questions, please contact the Office of Interprofessional Education at ipe@ttuhsc.edu or call us at (806)743-2028.

Registration Now Open - Resiliency in Interprofessional Teamwork

Healthcare is a high-stress and high-intensity profession where change is constant. With today's global uncertainty, resiliency, grit, and an understanding of emotional wellness are critical not only for individual success but team success as well.

Resiliency in Interprofessional Teamwork, hosted by the Office of Interprofessional Education, will focus on strategies to increase resiliency for individuals and teams in challenging situations, identifying ways to adapt to an ever-changing environment. The event is open to all students, faculty, and staff. Register for the event here at <https://tinyurl.com/4n94x4xv>.

Registration Now Open - Shatter the Stigma

Registration is now open for **Shatter the Stigma: An Interprofessional Simulation with Standardized Patients**. The registered IPE event will be held on Friday, July 23, 2021, from 9:00 am - 12:30 pm and is open to all students, faculty, and staff. Registration for the event will be open through July 16, 2021.

Substance use disorders are associated with discrimination and social disapproval - more so than any other medical condition. Many patients with Opioid Use Disorder (OUD), have a high likelihood of readmission, with the root cause of their healthcare needs unmet. Left untreated, thousands of deaths occur every year, impacting the lives of those around them as well.

Join Lucas Hill, PharmD, BCPS, BCACP, in a keynote that addresses the importance of meeting patients where they are in an effort to reduce the harm of stigmas in healthcare today. Following the keynote, Zach Sneed, PhD, LCDR, CRC will discuss patient interviewing strategies to destigmatizing substance use disorders.

Interested participants can register through Eventbrite at:
<https://ttuhsc-shatter-the-stigma.eventbrite.com>

UPCOMING EVENTS

HSC Huddle

Join the Office of the President for the HSC Huddle to stay up-to-date with what's going on at the HSC. The Zoom link will be sent out by email a few days before the Huddle.

- Thursday, June 3rd | 12 -1 pm | Zoom
